

FirstNews Briefs: T-Mobile, Vidyo, InterCloud Systems

Wireless Week Staff

As the title sponsor of Major League Baseball's **T-Mobile** All-Star FanFest, the carrier is rolling out wideband LTE and Voice over LTE city-wide in Minneapolis. As the official wireless sponsor of Major League Baseball, T-Mobile has also enhanced the fan experience in and around the All-Star Game's host stadium, Target Field, with an upgraded network on the ballpark's Distributed Antenna System (DAS).

Vidyo, Inc. today announced a \$20 million round of financing to accelerate the company's efforts to deliver visual communication solutions that address growth in the "connected world" as millions of new devices, appliances, services, platforms and workflow/business processes connect businesses and individuals online at work, at home, in their car or through wearables.

InterCloud Systems, Inc. has seen an influx of new purchase orders for WiFi, DAS, small cell and other next generation network wireless solutions. Including the previously announced \$4.9 Million Chicago commercial project, in the last 90 days InterCloud has seen more than \$3.1 Million in additional purchase orders from existing clients for new wireless network expansion.
